

## New Jersey Department of Children and Families Policy Manual

Manual:	NJAC	NJ Administrative Code Excerpts	Effective Date:
Title	10	Human Services	
Chapter	122	Manual of Requirements for Child Care Centers	8/6/2009
Subchapter:	7	Health Requirements	
Section	1	Illnesses/communicable diseases (N.J.A.C. 10:122-7.1)	

### §10:122-7.1 Illnesses/communicable diseases

(a) A center that seeks to serve any children who have any of the illnesses, symptoms of illness or diseases specified in (c) and (d) below shall meet all applicable provisions of this subchapter and all provisions of N.J.A.C. 10:122-8.

(b) Under no circumstances shall any center serve or admit any child who has any illness, symptom of illness or disease that a health care provider has determined requires the child to be:

1. Confined to home under a health care provider's immediate care; or
2. Admitted to a hospital for medical care and treatment.

(c) The following provisions relate to illness and/or symptoms of illness:

1. A center serving well children shall not permit a child who has any of the illnesses or symptoms of illness specified in (c)1i through xiii below to be admitted to the center on a given day unless medical diagnosis from a health care provider, which has been communicated to the center in writing, or verbally with a written follow-up, indicates that the child poses no serious health risk to himself or herself or to other children. Such illnesses or symptoms of illness shall include, but not be limited to, any of the following:

- i. Severe pain or discomfort;
- ii. Acute diarrhea, characterized as twice the child's usual frequency of bowel movements with a change to a looser consistency within a period of 24 hours, or bloody diarrhea;
- iii. Two or more episodes of acute vomiting within a period of 24 hours;
- iv. Elevated oral temperature of 101.5 degrees Fahrenheit or over or axillary temperature of 100.5 degrees Fahrenheit or over in conjunction with behavior changes;

- v. Lethargy that is more than expected tiredness;
- vi. Yellow eyes or jaundiced skin;
- vii. Red eyes with discharge;
- viii. Infected, untreated skin patches;
- ix. Difficult rapid breathing or severe coughing;
- x. Skin rashes in conjunction with fever or behavior changes;
- xi. Weeping or bleeding skin lesions that have not been treated by a health care provider;
- xii. Mouth sores with drooling; or

-End-
